Recomendaciones

A partir de la semana Epidemiológica No. 34 se espera un incremento de casos por Hepatitis Virica "A", por lo que se recomienda Fortalecer la Vigilancia Epidemiologica Activa, asi como la difusión de Medidas de Prevención y Control a la Población en General a través de los distintos medios de comunicación principalmente en los Centros Educativos Preescolar y Escolar por ser la población más vulnerable para la ocurrencia de casos y brotes.

Recomendaciones:

Notificar: cualquier caso sospechosos a la Unidad de Salud.

Promover: que el agua de consumo sea embotellada o hervida, el aseo de manos antes de consumir cualquier alimento y despues de ir al baño y que los niños consuman alimentos preparados higienicamente en su hogar.

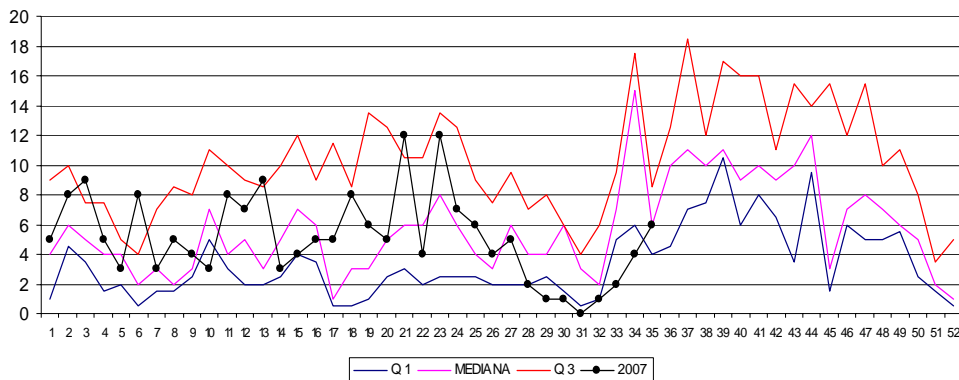

Evitar: compartir los mismos vasos para tomar agua.

Mejorar: la higiene de los sanitarios.

Realizar: la cloración de las cisternas, pilas y tinacos.

Extremar: la vigilancia de higiene en puestos ambulantes, principalmente en manejadores de agua y alimentos crudos.
